Visitante

I've also created a [free online course on Udemy](#) that follows the first six projects from the [Scratch Programming Playground](#). (This course covers Scratch 2, but will be updated in 2021. The code between Scratch 2 and Scratch 3 is nearly identical, and the course can still be used to learn Scratch programming.)

Downloads

 [Downloadable content zip file for Scratch Programming Playground](#)

The [downloads page](#) has image files for the screencast tutorial projects.

(Downloadable content zip file for the older first edition of Scratch Programming Playground)

Screencast Tutorials

 Ikaruga Cat

 Asteroids

 Bomberman

 Memory

 Frog Hop
